HELP US KEEP THE OCEAN CLEAN

KITCHEN

Please use the cutting boards and do not cut directly on the counter tops.

Please use the hot pads when placing hot pots and pans on the counter top or table.

Please wash used dishes before leaving, feel free to start the dishwasher before check-out so the host can empty it when guests have left.

Please wipe down the counter tops before you check out.

If something is broken or not working, please let us know so that we can replace it for you.

Please leave the kitchen as it was when you arrived and thanks for helping us keep it in good working order!

“A kitchen is a good place to be, almost always the best place in the house.”

– Michael Ruhlman

COFFEE MACHINE

1. Begin by checking if there is enough water in the water tank
2. Turn on machine by flicking button down
3. Wait for lights on machine to stop blinking
4. Choose a capsule, yellow is espresso, red is double espresso.
5. Make sure level is up
6. Put capsule in opening on top of machine and make sure flat surface is turned toward you
7. Pull lever down halfway or until top opening closes
8. Press top button for single shot or lower button for double shot
9. If you have problems with the machine don't tempt to fix anything, please use other coffee makers we offer french press and regular coffee maker. Look in cupboards. We also have coffee for you to enjoy.

If not wanting to use the dryer then it's possible to use the clothesline located outside behind the garage. There are clothespins located in the laundry room to be used for the clothesline outside. // Það eru þvottasnúrur fyrir aftan bílskúrinn og er ykkur velkomið að nota þær, það eru þvottaklemmur í þvottahúsinu sem er hægt að nota.

There is a drying rack in the laundry room that you're welcome to set up anywhere in the house. // Ykkur er einnig velkomið að nota þurrkgrindina sem hangir uppá vegg í þvottahúsinu og setja hana upp einhversstaðar.

DINING TABLE

The big dining table in the dining room is extendable

1. Not extended
2. Pull out the „leaf“ og extension „flap“
3. Pull out the „wing“ of the table
4. Place flap/leaf on the extended wing of the table

INSECTS DURING SUMMER

Here in Iceland we recently have discovered „lúsmý“ which are a type of Mosquito but much tougher and more aggressive.

They bite, so you'll no doubt end up with a couple of bitemarks after your trip to Iceland but here are a few tips.

1. Close all windows from 17:00 – 10:00 (overnight)
2. If not wanting to close the window we recommend turning on a fan.
3. Essential oils – lavender, tea-tree, lemongrass, peppermint. All of these oils repel the flies, you could blend it in water and spray on you, windows and clothes or put drops behind your ears and on your wrists.
4. It itches, if you get bitten it will itch, a lot. Try putting a drop of sanitizer on the bites. You can also buy creams from the pharmacy (I recommend getting a tea tree cream)
5. The bites should be tiny red spots, it can get infected or if you get blisters you probably have allergy, so if you feel like there is anything unusual about your bites go see a doctor straight away!

RECYCLING

The bin for bottles and cans is in the pantry

The bin for plastic, paper and cardboard (and other recyclables) is also in the pantry

There is a bin for household waste under the sink (not recyclables)

Milk cartons and other food containers (recyclables) must be rinsed before putting it in the recycling bin.

THANK YOU FOR STAYING WITH US
